

Speaker Profile

Dr Richard Gregson
BSc (Hons I) PhD
MBA
Partner
Equity Partners

Richard's career commenced with discovery and product development roles in the pharmaceutical industry with Hoffman La Roche. In 1981 he joined a team which established Australia's largest biotechnology company, and he had responsibility for the development of an international diagnostics business from concept through R&D and product development to global distribution.

In 1988 Richard entered the private equity industry with Hambros then he was the co-founder of Equity Partners in 1995. Richard was the founding Chairman and remains a director of the Australian Venture Capital Association. Richard has been actively involved in over 30 growth oriented investees of private equity funds. He has had 15 years experience as a director of companies listed on the ASX.
